The Hidden Messages in Water

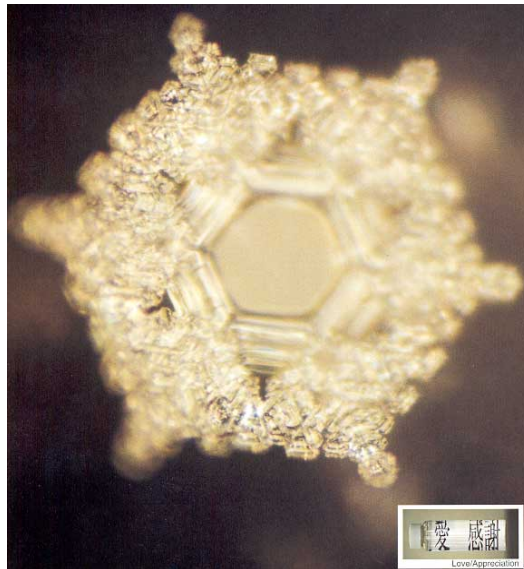

*People are turning their attention to
the miracle of water and*

*seeing things that were
not evident before.
There are all kinds of studies
being done that are discovering
the intelligence in water and
the changes that take place
in the water element with
humanity's projected
thoughts and feelings.*

~ Patricia Diane Cota-Robles

*An intriguing quality about water
and one that has only
recently begun to be explored ,
is that it has the ability to 'remember'.
Water will hold the frequency or
vibration of a substance which
has been placed in it
even after the substance
has been removed.*

~Dr. Mu Shik Jhon, Author of *The Water Puzzle* and
The Hexagonal Key, plus over 250 scientific publications to his credit

*Can you imagine
what it would be like to
have water capable of forming
beautiful crystals flowing through out
your entire body? I can happen if you let it.*

~Dr. Masaru Emoto, *The Hidden Messages in Water*

Application

The Empowerment Program includes directly infusing love and gratitude into each molecule of water in your body. It also includes the transferring hundreds of corrections you receive during each private e-Session directly into your Water. This is like going to a chiropractor and rebooting your adjustments.
